Pragadeesh S

Full Stack Developer

spragadeesh73@gmail.com — LinkedIn — Portfolio — +91-8667488685

Summary

Aspiring full-stack developer focused on building scalable and responsive web apps using Django and React. Strong knowledge of frontend and backend development, passionate about clean code and continuous learning.

Experience

Production Assistant – GPRS Operations   *Oct 2024 – Present*
Shanmuga Salt and Chemicals, Erode

- Handled daily vehicle tracking using GPRS-based systems.
- Maintained Excel reports on vehicle status, movement, and operational data.
- Coordinated with the logistics team to ensure timely dispatch and delivery.

Intern - Web Developer   *Jun 2024 – Oct 2024*
SAOP IT Solutions, Chennai

- Developed responsive UI components using React and Tailwind CSS.
- Worked closely with the backend team to consume REST APIs.
- Improved frontend performance and ensured mobile-friendly design.
- Used Git and GitHub for version control and collaboration.

Projects

Shopping Cart App   Demo
React, Redux, Tailwind CSS

- Built a fully functional shopping cart with add/remove item functionality.
- Managed global state using Redux Toolkit for cart operations.
- Designed responsive UI using Tailwind CSS.
- Handled state persistence and user interaction effectively.

Travel Booking Web App   GitHub
React, Django REST Framework

- Developed a full-stack web app for booking travel destinations.
- Integrated authentication, dashboard, search, and filtering.
- Used Django for backend APIs and React for frontend rendering.

Weather App   Demo

React, OpenWeatherMap API, Tailwind CSS

- Developed a weather forecast app using OpenWeatherMap API.

- Displayed temperature, humidity, wind, and weather conditions by location.

- Implemented responsive UI using Tailwind CSS.

- Focused on API integration, state management, and UI polish.
